

Hi my name is Leslie Mathew Abraham, I was part of the St. Chad's volunteer program in 2003. Currently I am the trainer for Nokia Asia pacific. But that's enough about me. Let me tell you a little bit about my time in the volunteer program. I must say it was one of the high lights of my live and if I had a chance I would do it all over again. I was actually taken in for the program as they need someone to start up a youth group and a youth band for Holy Trinity in Oswestry. It was one of the most challenging times of my life as Holy Trinity only had a pianist and a pipe organ; there was no band at all. We started with a youth group at first and the first praise and worship service with only me. But before you knew it, a year was 3 quarters way thru and a praise and worship band was created to run the services. It was great, the youth events, the camps we organized and the different church events, was something I will never forget for the rest of my live. Sometimes I even call Oswestry home and I wish I could go back there. They wanted me to elaborate on one thing that stayed in my mind. But they whole year I was there is as clear as yesterday. Let me tell you it is a fantastic experience and something you should try if you have the chance. If you have any questions at all you're always welcome to drop me a mail, as long as Nokia does not take too much of my time, will mail you as soon as I can.
